INSIDE THIS ISSUE:

## International Board of Directors Approves Dues Adjustment Resolution

Lions Clubs International supports clubs and members around the world so we can advance our global mission of service together. Our international support and the work of Lions Clubs International is fueled by the international dues of our incredible members.

At the International Board of Directors meeting in October, the Board voted to approve an international dues adjustment resolution that will be voted on at the International Convention in Singapore in 2020.

In recent years, it has become increasingly clear that the services Lions Clubs International has been able to provide to members with the available budget is no longer in line with what Lions need and expect.

The Board of Directors undertook an extensive review of Lions Clubs International's financials, including the implementation of substantial budget reductions. After much consideration, the board proposed to adjust dues by US\$3 effective July 2021, raising dues to US\$46, then adjusted annually for U.S. inflation thereafter. We will use a three-year inflation average not to exceed 3.0% or be lower than 1.5%.

### Why an international dues adjustment is needed

We realize the association has been reluctant to adjust dues over the years, and we have not adjusted international dues since 2011. The proposed adjustment will help cover our costs and allow us to suitably serve our members' needs. With that said, the Board of Directors did not take this issue lightly, nor are we minimizing the value of each dollar that our members contribute.

## **Dues Adjustment Resolution continued.....**

As we consider this dues adjustment, it is essential that we keep in mind that our global efforts and initiatives support more than 1.4 million members in 48,000 clubs around the world. Through the support of staff, we are able to serve globally on the level that we do, keeping members and clubs fully supported with service resources, training events and software, club operational support, international meetings, language services, technology, Foundation support, leadership support, and everything else we have come to expect as Lions.

A dues adjustment will allow Lions Clubs International to provide improved support to Lions and to continue to invest in improving programs and digital products such as our website and MyLion. It will also allow us to invest in new programs such as a new online learning platform, development of new curriculum such as digital literacy, training videos, global advertising, marketing automation, digital and video storytelling and others tools and initiatives that will enhance our impact, our brand, and our membership.

Why your help is needed

Essentially, we have to decide whether or not we want Lions Clubs International to continue to grow and thrive. Lions is more than a way of life. It's also an investment of money, time, energy and passion. As with any good investment, the more we put in, the more returns we see.

We need you to help our members and leaders understand why this adjustment is needed. We have developed an international dues adjustment FAQ and PPT to help you present it to your Lions.

I hope that you will see this adjustment as we do: as an investment in the future of Lions. Through your support, we can ensure that Lions are positioned for success in the future.

Regards,

Dr. Jung-Yul Choi

International President

## Board of Directors take steps to help our clubs

The coronavirus (COVID-19) pandemic has impacted the work of Lions around the world. In many cases, it has also created financial hardships for our Lions and the people for whom we care. To support the incredible men and women serving with us, the International Board of Directors has passed a resolution to help our clubs.

Here is an overview of the resolution approved by the Board of Directors:

- Flexible payments – No clubs will be suspended or cancelled through December 31, 2020 for late payment of dues.
- Charter and entrance fees waiver – We have waived all charter and entrance fees from July 1 – December 31, 2020.

These measures will help Lions facing financial hardships, and give our clubs hope, encouragement, and an opportunity to start the new Lion year with renewed energy and optimism.

This may be a time of great need, but we will overcome this together. For more than a century, Lions have taken on the greatest challenges facing humanity. That is who we are, and what we do. So let us stand together. And let us remember just how important we are to our communities and the world.

## Involve a Veteran Program

Service to others has many faces.

Those who serve their country have made great contributions and great sacrifices. Lions Clubs International recognizes the commitment and passion of these individuals. As a way of welcoming them into the global family of Lions, the organization offers veterans and active duty service members an entrance or charter fee waiver when joining a Lions Club.\*

Lions International provides opportunities for leadership, personal fulfillment, and relationship building through community and global service activities, easing the transition to civilian life and connecting individuals who share similar life experiences.

Veterans and active duty service members have incredible experience to offer any Lions Club they join, or any new club they bring together. They don't just know how to get the job done - they know how to do it with teamwork and strong leadership. Their adaptability and practical service experience can create tangible contributions to their community, continuing the momentum of a life led in service to others.

Lions International is a place where kindness matters, and the 'Involve a Veteran' program offers servicemen and women the opportunity to be a part of our global service mission.
